You can't teach a hungry child

**If your company has values deeper than just conducting business and making a profit, then this opportunity is for you.**

## **HERE ARE THE FACTS:**

- 3 out of 4 children in South Africa go to school hungry every day.
- You cannot teach a hungry child.
- A hungry child will play truant or drop out of school.
- Children cannot grow, develop, learn and achieve without daily nutrition.
- Feeding a child at school is such a simple thing, but it works miracles.
- Children are the basis of our overall future – they must get our attention.
- Poorly developed and poorly educated generations are destructive cycles which must be broken.
- It costs very little to make a major difference to a hungry and malnourished child.

## **HERE IS THE SOLUTION TO THE FACTS:**

Your company can provide disadvantaged children with a nutritious cooked breakfast and lunch each school day. This eliminates hunger and promotes concentration, proper learning and achievement, and paves the way to each child's positive, healthy and successful future.

## **WHAT ARE THE BENEFITS TO YOUR COMPANY?**

- All donations to the Peninsula School Feeding Association will increase your Socio Economic Development points and improve your company's Black Economic Empowerment scorecard.
- Over 75% of your donation will directly benefit Black South African children, thus meeting the criteria as defined in Code Series 700 in the Codes of Good Practice.
- PSFA is a Section 18A registered organisation, therefore all donations are Tax deductible.
- Your donation will allow children to grow to their full potential resulting in productive citizens, who will in turn contribute to South Africa's economy. The children you will be feeding are your future clients.
- Sponsoring feeding at schools makes your business image that of a socially conscious and socially responsible company.

## HOW YOUR COMPANY CAN MAKE A SUBSTANTIAL DIFFERENCE.

**It only costs R495 to provide an underprivileged child with breakfast and lunch while at school for an entire year!**
